Ref. No. : PSCST/ 1306

Dated 19/10/2022

All District Educations, Punjab.

Sub: State level Orientation Workshop on Children Science Congress-2022 to be held on 21.10.2022 at 11.00 AM.

Dear Sir/Madam,

As you are aware, National Children's Science Congress is a flagship program of DST, Govt for children of 10-17 years of age. The activity is organized throughout the country at district, state and national levels. For Punjab, CSC is organized by Punjab State Council for Science & Technology under its STEM outreach program in collaboration with the School Education Department, Punjab. The District Education Officers of all districts are the District Coordinators for organizing CSC at the district level.

2. I am to inform that for CSC-2022, we are organizing the Online State Level Orientation Workshop on 21.10.2022 at 11:00 AM. Dr. Jatinder Kaur Arora, Executive Director, Punjab State Council for Science & Technology will inaugurate the webinar.

3. The State Level Orientation Webinar for NCSC-2022 will be organized on the current year's theme, i.e. 'Understanding Ecosystem for Health and Well-beings'. I am to request you to attend the webinar as District Coordinator and also nominate at least 15 most active teachers of your district to attend. The link to attend the webinar on Webex is as under :

<https://pscst.webex.com/pscst/j.php?MTID=md60335de3d06526efa8058b0aabbf256e>

Meeting number (access code): 2558 674 7411

Meeting password: 2021

Kindly, circulate the link to all active science teachers of your district. ✓

4. The attendance in the webinar is **most necessary** as you have to organize the District Level CSC in your district after this webinar. It is desirable that at least 100 schools of each district should mandatorily participate in CSC as this is a biggest platform for students to exhibit their creativity and scientific aptitude through preparation of small research projects under the given theme and sub-themes. Many students and teachers of the state have participated in CSC in previous years and performed excellently to bring laurels to the state. Therefore, the momentum and spirit has to be kept alive for the sake of students future.

5. Detailed Program of webinar and Brochure of CSC are enclosed.

Looking forward to your active participation in CSC-2022.

Yours sincerely,

Dr. K.S. Bath
Joint Director
