Respected Sir,

I take this opportunity to introduce NHPC Limited, the leading Hydro-power CPSE under MoP, GoI, with 24 power plants having combined installed capacity of 7071 MW, NHPC has wide geographical presence with established track record of excellence in hydropower development.

As a responsible corporate citizen, NHPC through its CSR outreach programs has supported various social causes and health has been one of our key focus areas. As part of its CSR initiative, NHPC in association with Public Health Foundation of India (PHFI) intends to facilitate establishment of Social Health Clubs (SHCs) in 10001 Schools.

These health clubs are envisaged as a decentralized platform in educational institutions where comprehensive health of students will be promoted in a non-commercial manner aiming to educate the next generation regarding emerging challenges to a healthy life thereby saving numerous lives from lifestyle diseases in the long run.

In this regard, a letter has been written to the Principal Secretary, Higher Education, Languages, Chandigarh, Govt. of Punjab (copy enclosed). In order to achieve the goal of setting up of Social Health Clubs (SHCs) in 10001 Schools, NHPC intends to seek your support in establishing Social Health Clubs (SHCs) in schools of your district for the students studying in 6<sup>th</sup> to 9<sup>th</sup> standard. As an encouragement to the schools, the best performing State, District & Block shall be recognized at national level & shall be awarded on 7<sup>th</sup> Nov'2023 i.e. on NHPC Raising Day.

A website <https://www.socialhealthclub.in> has been created to facilitate this activity where all the interested schools can register and have their individual pages showcasing their Social Health Club activities. The website provides all details of registration and activities to be carried out by Social Health Clubs.

A communication from your end to the concerned District Education authorities would be helpful in forming a platform in which students can develop better ownership over their own health.

Thanking You,

With regards,

Rajeev R. Asthana,  
Group DGM (CSR&SD)  
Corporate Office, Faridabad,  
NHPC Limited

**Subject: Request to support establishment of Social Health Club in Schools.**

Respected Sir,

I take this opportunity to introduce NHPC Limited, the leading Hydro-power CPSE under MoP, Govt. of India, with 24 power plants having combined installed capacity of 7071 MW. NHPC has wide geographical presence with established track record of excellence in hydropower development.

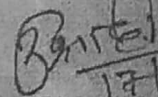

As a responsible corporate citizen, NHPC through its CSR outreach programs has supported various social causes and health has been one of our key focus areas. As part of its CSR initiative, NHPC in association with Public Health Foundation of India (PHFI) intends to facilitate establishment of Social Health Clubs (SHCs) in 10001 Schools.

These health clubs are envisaged as a decentralized platform in educational institutions where comprehensive health of students will be promoted in a non-commercial manner aiming to educate the next generation regarding emerging challenges to a healthy life thereby saving numerous lives from lifestyle diseases in the long run.

To achieve this goal, NHPC intends to start minimum one SHC per School in every District across the country. A website <https://www.socialhealthclub.in> has been created to facilitate this activity where all the interested educational institutions can register before 5<sup>th</sup> November, 2022 and have their individual pages showcasing their Social Health Club activities.

To achieve the target of establishing 10001 SHCs in Schools, NHPC intends to seek your support in establishing **Social Health Club** in minimum one School in every District from Punjab. A communication from your end to the concerned District authorities would be helpful in forming a platform in which students can develop better ownership over their own health. With regards,

Yours faithfully,
