Your kind attention is invited to the BharatNet project which aims to provide high speed optical connectivity to every nook and corner of the country. Being the project of prime importance, its status and various other parameter are being monitored by PMO and other higher authorities of Government. This will also help the state authorities to link various offices through high-speed internet connectivity in rural areas.

In Punjab, there are 12816 GPs which were installed at School/Aaganwadi Dharamshala/ Dispensary & Panchayat Buildings etc. as per Govt of India guidelines contained in letter mentioned under reference. At present 82% GPs are operational and rest 18% are down.

M/s Fastway has been awarded the work of maintenance of BharatNet Phase-I and Phase-II is with M/s HFCL and M/s VTL. In day-to-day maintenance activities, following issues have been escalated to the undersigned by field Maintenance teams:

31. Access being denied by School/Aaganwadi /Dharamshala/ Dispensary & Panchayat etc.
32. BharatNet equipment (ONTs/Solar Panel supply) seems to be deliberately switch off.
33. Unwillingness to keep the equipment at already existing Govt of India certified location as designated by local authorities.

In light of above, it is requested to sensitize all concerned authorities to:

1. Keep the BharatNet equipment powered ON round the clock so that the UP time of GPs is well maintained.
2. To cooperate/coordinate with authorized BharatNet maintenance staff (First line maintenance teams) and allow/ arrange to allow access for GPON equipment to them for maintenance and other activities.

Subject – Installation of GPON equipment under NOFN / Bharatnet in Punjab.

This is in reference to your email dated: 30.05.2017 (copy enclosed) received from Sr. GM – Proj-II, BBNL regarding installation of GPON equipment under NOFN / Bharatnet in Punjab by BSNL. M/s ITI and M/s Tejas on behalf of BSNL are installing the equipment at GP level across various block in Punjab. The buildings identified by Punjab Govt. for NOFN / Bharatnet are mostly located in schools / Panchayat Ghars. At present, the equipment installation work is mostly in Districts Mansa, Bathinda, Sangrur, Ludhiana, Amritsar, Gurdaspur, Barnala, Firozpur, Jalandhar, Kapurthala, SAS Nagar, Ropar, Fatehgarh Sahib, Pathankot, Patiala, Moga, Tarntarn. As the summer vacations in schools in Punjab are nearing, it may lead to interruption of installation work of GPON equipment in schools during this period. The Government of India has fixed stiff targets for BSNL & BSNL vide its above referenced email has requested for support & cooperation of State of Punjab in achieving the said targets particularly during the ensuing school vacations.

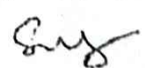

Therefore, may I request your goodself to kindly issue the necessary instructions to the concerned schools and Panchayat Ghars in Punjab to extend full cooperation & support so that the installation work does not suffer.
